25X1 Messrs. [REDACTED], of the Security Office,
called to bring me up to date on their contacts with Robert Morris, Chief
Counsel of the Senate Internal Security Subcommittee. It appears that on
the basis of an alleged oral agreement between me and Mr. Bannerman
25X1 Messrs. [REDACTED] have made contact with Morris, and plan to
make more contacts in the future. Their objective is to gain access to
executive files of the Subcommittee, which Morris has promised them, and
to suggest lines of questioning of Subcommittee witnesses which might
produce information of value to the Agency which could not otherwise be
obtained.

25X1 I did nothing to discourage discreet contacts with Judge Morris, who
is an old friend of [REDACTED] but pointed out that there might be policy issues
involved which I would like to discuss with Mr. Kirkpatrick and possibly
25X1 [REDACTED].
